

# Together Time Enrichment Program

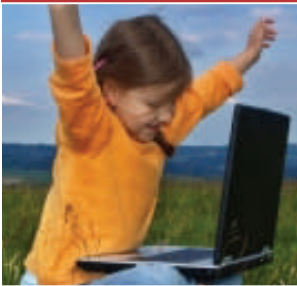

**Together Time Enrichment Program** consists of Story & Play Time and Get Connected computer education for foster and kinship children ages 0—5.

The **goal** is to have caregivers and their kinship or foster children spend *quality time together* as the children become *better prepared for kindergarten*.

**Story & Play Time** includes books that touch upon foster or kinship care, thus normalizing the children's own experiences and encourages discussion. A **free** copy of the story book will be given to each child who attends.

**Get Connected** teaches caregivers how to use the computer with their child for toddler and preschool enrichment and learning activities.

*"The more that you read, the more things you will know.  
The more that you learn, the more places you'll go." — Dr. Suess*
