or find us on Facebook

[#](http://www.facebook.com/CommunityHub)

WHY IS QUALITY CHILD CARE IMPORTANT?

Children who attend high quality child care are better prepared for school.

YOUR CHOICE MATTERS!

Strong relationships are important to your child's development. A high quality provider will involve you in the program, connect with your child, offer community resources, and support you as your child's first teacher.

WHAT CAN I DO?

Learn what to look for in a quality program, visit multiple providers, and carefully choose a caregiver that fits you and your child best. Contact Choices for Children to find quality child care in your area. They will help guide you in what to look for and help develop an individual child care plan. You can also visit www.First5EIDorado.com/resources to learn more about choosing a high quality program.

HOW DO I KNOW?

A high quality provider will have education in child development, plan activities, offer healthy, safe and well supervised care and share information regularly with you about your child. Choosing high quality care can start by asking if the program is rated and reviewing their report card. Talk to your provider about what you want for your child.

WHO CAN I TALK TO?

If you have any questions about finding high quality child care, you can contact a referral specialist at **Choices For Children:**
Cameron Park (530) 676-0707
South Lake Tahoe (530) 541-5848
or online at www.choices4children.org

For other resources, such as health, literacy and parenting, connect with your Community Hub.

CHOOSING CHILD CARE

- ★ Call Choices for Children to find quality child care in your area.
- ★ Ask questions about the provider's training and if they have a report card. Make sure the provider is a good fit for your child.
- ★ Research the providers license at, www.cclid.ca.gov
- ★ Visit your Hub for story times, playgroups, and parenting programs.
